Agenda Item No. 1 : Classroom Cleaning

Activity Summary

- The attendees of the meeting cleaned storage room 502.
- The remaining goods from the previous bazaar have been arranged in the burlap bags and other stuffs were being organized in boxes.

Agenda Item No. 2 : Beach Party

Discussion Summary

- Schedule (Fix):
Date: 1st July 2017
Venue: Busan Beach

Meeting Discussions:

- SC would like to hold some activities during the beach party. The suggestion is between holding a tour or games activities at the beach.
- The challenge of holding games is the space. During that time, the beach would be very crowded because it is summer holiday. So, it would be very difficult to reserve a big spot.
- SC would also like to propose to office to ask for their help in providing bus as the means of transportation to Busan.
- SC also plans to prepare lunch for the participants. We are still discussing the mechanism whether the lunch will be served in boxes or to book a restaurant in advance.
- The budget plan will be finalized soon and afterwards SC would discuss the amount of fee that should be paid by students.

	<ul style="list-style-type: none"> The closest agenda is to pre announce the plan of holding the beach party on PSPS Superclub Facebook page so that students can be alerted of the upcoming activity and to see their responses.
