

## PROGRESS REPORT

June 2018

### 1. The Student Council

#### 1.1 Establishment of 2018 Spring and Summer Semester Student Council

The PSPS Student Council Presidential Election Committee announced application for candidates of 2018 Student Council's Presidential position on March 6, 2018. Two candidates, Peng Ning (Tracy) from Environmental Management and Policy Major and Mabuda Elliot from Public Policy and Leadership Major competed for the position of PSPS Student Council President. Presidential Election for 2018 Spring and Summer Semester was held on March 13 – 19, 2018. After 2 rounds of debate and the final voting, Peng Ning (Tracy) won the presidential election (Figure 1-1) and assumed the position of the Student Council President for 2018 Spring and Summer Semester.

**Figure 1-1: Result of Presidential Election for 2018 Spring & Summer Semester**

The Student Council for 2018 Spring and Summer Semester was established right after the presidential election. On March 21, 2018, the final name list for Student Council members was released, as follows:

- **President** Peng Ning (Tracy) from Environmental Management and Policy Major;
- **Vice President** Murego Vianney John (John) from Forest Resources and Ecological Restoration Major;
- **Secretary** Paulyn Alexis Dela Reyna (Piao) from Saemaul and International Development Cooperation Major;

## 1.2 Organization Chart of the Current Student Council

The 2018 Spring and Summer Semester Student Council consists of 11 members, including one president, four officers (one vice president, one secretary, one treasurer, and one auditor), and six batch representatives from four majors and three semesters, as shown in Figure 1-2.

**Figure 1-2: Organizational Chart of the PSPS Student Council for 2018 Spring & Summer Semester**

## **1.3 Operational Progress**

### **1.3.1 Regular Meetings**

The Student Council holds its regular meetings on a weekly basis to discuss important issues related to Student Council operation and activity implementation. In the 2018 Spring Semester, the Student Council had **11 Regular Meetings** in total, covering the topics of student claims and comments, design and implementation of major activities, financial status, as well as other important issues such as emergency response, etc. The regular meetings efficiently tracked the progress of each activity, and timely addressed issues closely related to students' daily life and academic performance.

### **1.3.2 Management Procedures**

To systemize its operations, further strengthen transparency and public participation, as well as prepare for latent emergencies, the Student Council has developed **3 management procedures**, including the procedures for the Student Body to observe Student Council's regular meetings, Volunteer Management Procedures, and Emergency Response Procedures (draft). The first 2 procedures are now in use, while the emergency response procedures are under revision.

### **1.3.3 General Action Plan, Project Proposals and Implementation Plans**

Based on public consultation results, the Student Council has finalized its **General Action Plan** for the 2018 Spring and Summer Semester and then developed **9 project proposals** for the priority programs of the Spring Semester, which included "Bring Your Own Bottle" (BYOB) Campaign, World Environment Day (WED) Celebration, "Life Orientation Program – Mentor Guidelines", Student Flea Market, T-shirt for PSPS Students, Study Groups, Academic Salon, Sports Match, and Cultural Festival. The project proposals outlined the major tasks and specific steps for each priority activity, and served as the basis for implementation. For complicated activities, detailed implementation plans were used. **2 implementation plans** were developed for World Environment Day (WED) Celebration and Sports Match respectively.

## **2. Major Programs and Activities**

### **2.1 General Action Plan**

First and foremost, the Student Council drafted a General Action Plan for the 2018 Spring and Summer Semester as the framework for all programs and activities in the 2 semesters. A Student General Assembly (SGA) was organized for public consultation, with copies of draft General Action Plan distributed among all majors and semesters after the SGA for written comments. After thorough consultation and discussions, the General Action Plan was finalized, signed by the whole Student Council members, and posted on PSPS Superclub page and PSPS website. Signed copies were circulated among all majors and semesters for students' references.

With the purposes to practice Saemaul Spirit, encourage solidarity and cooperation, strengthen communications, develop a self-help student community, and create an environment-friendly PSPS, the final General Action Plan consists of **6 categories of programs and 17 associated activities**, covering major areas of students' social and academic life in Korea. The 6 program categories include: Information Channel and Public Participation (with 2 activities), Awareness Campaigns (with 4 campaigns), Life Support Program (with 4 program/activities), Academic Assistance and Knowledge Sharing Program (with 3 activities), Cultural Festival (with one festival), as well as Outdoor Activities (with 3 activities).

Among the 17 activities, **8 activities are long-term activities** that will be operated throughout the spring and summer semesters (including 1.1 Information Channel, 1.2 Volunteering System, 2.1 BYOB Campaign, 2.2 PSPS Promotional Campaign, 2.3 Networking Campaign, 3.2 Life Orientation Program, 4.1 Study Groups, and 4.2 Academic Salon) and **9 short-term activities** to be conducted once during the two semesters (including 2.4 WED Celebration, 3.1 Campus Tour in Spring, 3.3 Student Flea Market, 3.4 T-shirt for PSPS Students, 4.3 Research Paper Contest, 5.1 Cultural Festival, 6.1 Sport Match, 6.2 Site-seeing in Daegu, and 6.3 Beach Tour). The combination of long-term and short-term activities is expected to maintain consistency of such strategies as transparency and public participation, and at the same time give more diverse experience for the students to experience during the spring and summer time.

## 2.2 Implementation of the General Action Plan

In 2018 Spring Semester, **6 long-term activities were initiated** and are being implemented (including 1.1 Information Channel, 1.2 Volunteering System, 2.1 BYOB Campaign, 2.2 PSPS Promotional Campaign, 3.2 Life Orientation Program, and 4.1 Study Groups), accounting for 75% of the long-term activities, while **3 short-term activities were completed** (including 2.4 WED Celebration, 3.1 Campus Tour in Spring, and 6.1 Sport Match), accounting for 33% of the short-term activities. The total activity implementation rate reaches 53% (Figure 2-1, Figure 2-2, and Figure 2-3). The rest 8 activities are under effective preparation and will be presented to the Student Body soon.

**Figure 2-3: Implementation Ratio of Activities in the General Action Plan**

Great efforts were put into the programs and activities on General Action Plan, with promising results or progress achieved in the 4 months of Spring Semester. The detailed implementation status of all the activities are presented in Table 2-1.

## 2.3 Other Activities

### 2.3.1 Global Citizenship Education Program for Elementary School Students

In order to improve PSPS students' country visibility and foster young global citizens in Korea, the Student Council facilitated PSPS students' participation in the Global Citizenship Education Program for Elementary School Students sponsored by KOIKA and DSSID.

On May 4, 2018, 23 PSPS students from 14 countries (including 22 presenters and 1 volunteer photographer) visited the Gyeongsan Seobu Elementary School with 22 Korean undergraduate counterparts. The PSPS students made presentations on their country's culture in 11 classes respectively and played their national/traditional games with the elementary school students. The program was well received by the elementary school. Some of the PSPS students were further invited to give presentations to undergraduate students in YU.

### **2.3.2 News Articles for *the Yeungnam Observer***

To foster better understanding of PSPS among YU students and faculties, the Student Council prepared 2 articles for YU's English newspaper *the Yeungnam Observer* under the guidance of Prof. Choi Oe-Chool, President of Global Saemaul Development Network (GSDN) and Prof. Lee Jeongju. The first article titled "Saemaul Spirit Monthly Campaign: First Step toward a Safer and Happier World" by Peng Ning was published on June 4, 2018 to introduce PSPS's Saemaul Spirit Monthly Campaign.

### **2.4 Student Claims**

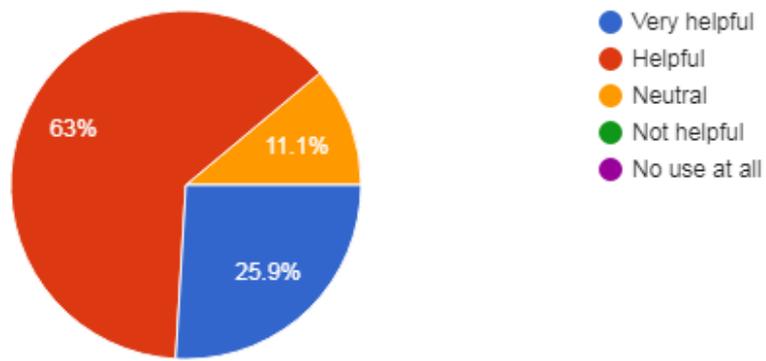

The Student Council opened various channels to listen to students' complaints and address their needs. During the 5<sup>th</sup> SC Regular Meeting on April 26, both officers and batch representatives put forward 1<sup>st</sup> semester students' complaint about a male Korean Language teacher's improper attitude and behavior in class. Private conversations were then carried out individually by SC members with the claimers for further information.

On May 4, SC President, Secretary, and one 1<sup>st</sup> Semester Batch Representative held a meeting in PSPS Building Room 402 with 4 voluntary students from the class in question to consult their opinions and confirm the complaints. After the meeting, based on the consultation results, an official complaint document was developed and submitted to the PSPS Office on May 8, with stated facts and suggested solutions. The Office took it seriously, and guaranteed the Student Council that (1) the Office will talk to the Korean Language Institute and make sure the teacher being complained will not teach PSPS students in the new semester, and (2) the students should give their opinions on this issue during the course evaluation. The Student Council conveyed the Office's messages to the claimer representative on May 9. In addition, special Korean study sessions were arranged for students from the class in question to help them improve their language capacity.

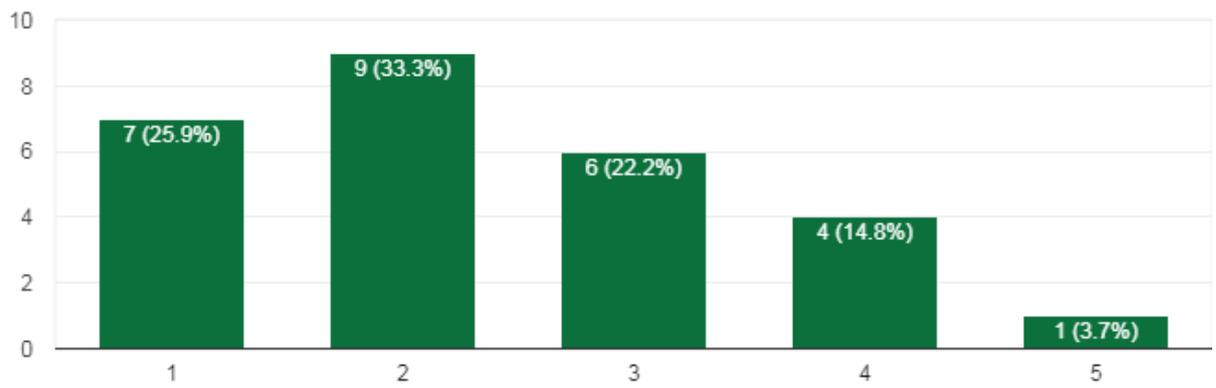

### **2.5 2018 Spring Semester Feedback Survey**

Right after the end of Spring Semester, a 2018 Spring Semester Feedback Survey Questionnaire was developed and posted on Superclub page on June 22, 2018 to seek students' opinions and comments on major activities in 2018 Spring Semester provided by the Student Council. The survey link was at the same time shared by all Batch Representatives among their classmates.

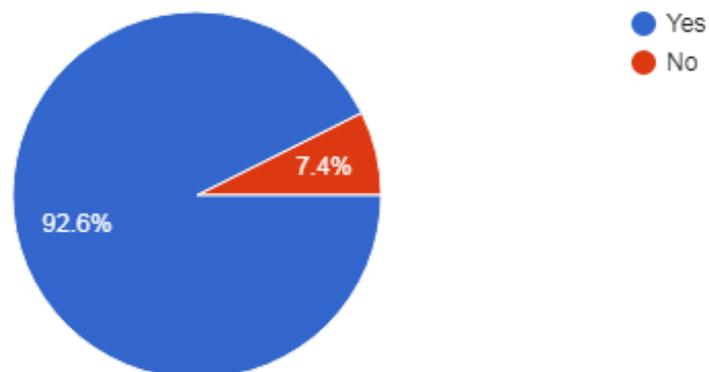

By the end of June (June 30, 2018), 27 responses were collected. Among all the respondents, 63% of them believed the SC activities are helpful and 25.9% regarded the activities as "Very helpful" (Figure 2-4); 33.3% are satisfied while 25.9% are very satisfied with the SC activities (Figure 2-5). Moreover, 92.6% would like to participate more actively in the SC programs and activities in Summer Semester (Figure 2-6).

### 4. Revised Plan for the 2018 Summer Semester

As the Presidential Election for Fall Semester is expected to be held in late October in line with the academic schedule of PSPS, the current Student Council will perform its duties until this October. In the up-coming 2018 Summer Semesters up to October, all the on-going activities will be continued and activities under preparation would be implemented. Initial plan for the remaining activities on the General Action Plan are presented in Table 4-1.
